C. **Individual plaques** will use the same border and layout as their associated standard plaques.

Each plaque can be personalized with the name of the recipient as a personal memento.

Please note that, where possible, orders for individual plaques should be submitted at the same time as the main order, otherwise a separate setting-up charge will be made.

2. TYPEFACES

The following typefaces are available:

Style A. Old English - *St. Withycombe's Church*

Style B. Romantic - **St Withycombe's Church**

Style C. Victorian - **St Withycombe's Church**

Style D. Decorated - **ST WITHYCOMBE'S CHURCH** (Caps only)

Style E. Times Roman - Grandsire Triples (Also in **Bold** and *Italic*)

Style F. Zurich Calligraphic - *Plaque presented to Roger Tailend*

The point size of type used will be varied, depending on the volume of text submitted.

3. GENERAL

Most types of Drawing or Photograph can be added if required. It is anticipated that Peal Bands would usually wish to include a photograph of their members but, in the absence of such, a photograph or drawing of the Church (if not already included) would seem appropriate. Bells & Guild Crests can be added or omitted as required and each individual plaque, which has been designed as a personal memento of a successful peal for each member taking part, can have his/her name added.

Should any item submitted be considered to be of a quality unsuitable for reproduction we will, of course, notify you before proceeding with manufacture.

4. GUARANTEE

Images produced on Metalphoto Plaques are amazingly sharp and crisp, perfect for duplicating ultra-fine detail. Photographs, illustrations, type or graphics are faithfully reproduced on Metalphoto. Anything that can be photographed can be reproduced. Metalplaques can be composed to suit a great variety of events, such as Golden/Silver Weddings, Special Awards, etc. The images on Metalphoto, unlike other etching or engraving processes, are resistant to breakdown by ultraviolet light or weather. *Colour plaques are unsuitable for outside exposure and B & W plaques should not be constantly exposed to direct sunlight.* Our confidence in their durability under nearly all conditions is such that we offer an

unconditional guarantee with all non-coloured Metalphoto Plaques of TEN YEARS.
