email: Date/...../.....

* Note:
These small plaques are ideal for display in the home and, being fitted with an easel, will show to advantage on shelves, mantelpieces, etc. However, some photographs may lose important detail when reduced.

Cheque/PO enclosed for £

(Payable to FOILPRINT)

NOTES for Plaques

(Please read carefully before ordering)

1. LASER ENGRAVED PLAQUES

Quotations can be submitted on receipt of the nature of the substrate, sizes and thickness required

2. TYPEFACES

The following typefaces are available as standard (others are available on request):

Style A. Old English - *Withycombe's Jfayre*

Style B. Romantic - *Withycombe's Jfayre*

Style C. Victorian - *Withycombe's Jfayre*

Style D. Decorated - **WITHYCOMBE'S** *Jfayre* (Caps only)

Style E. Times Roman - Standard typeface for most purposes (Also in **Bold** and *Italic*)

Style F. Zurich Calligraphic - *Plaque presented to Roger Montgomery*

The point size of type used will be varied, depending on the volume of text submitted.

3. GENERAL

Most types of Drawing or Photograph can be added if required. It is anticipated that Groups would usually wish to include a photograph of their members but, in the absence of such, a photograph or other drawing /crest can be used. The position and size of the text can be varied as appropriate. Should any item submitted be considered to be of a quality unsuitable for reproduction we will, of course, notify you before proceeding with manufacture.

4. GUARANTEE

Images produced on Metalphoto Plaques are amazingly sharp and crisp, perfect for duplicating ultra-fine detail. Photographs, illustrations, type or graphics are faithfully reproduced on Metalphoto. Anything that can be photographed can be reproduced. Metalplaques can be composed to suit a great variety of events, such as Golden/Silver Weddings, Special Awards, etc. The images on Metalphoto, unlike other etching or engraving processes, are resistant to breakdown by ultraviolet light or weather. *Depending on the situation, colour plaques are normally unsuitable for outside exposure and we recommend that B & W plaques should not be constantly exposed to direct sunlight.*

Our confidence in their durability under nearly all conditions is such that we offer an

unconditional guarantee with all non-coloured Metalphoto Plaques of TEN YEARS.
